

# STOCK EXCHANGE TOWER SECURITY

## **PARKING AND PARKER ASSIST PROGRAM**

If any of your staff are working after hours or on weekends, our trained Security Officers will escort employees to the parkade. Please phone the Security Desk at (403) 777-5883 prior to your leaving your office and a Security Officer will be made available for this service.

Security awareness in parking garages is especially vital.

If you are a cellular telephone user, keep the Security and management telephone numbers accessible. Report suspicious activity such as persons sitting in vehicles, persons trying multiple vehicle door handles and persons not dressed as contractors, but carrying screwdrivers, spark plugs or tennis balls
